

Pottery Lessons

65583

Phone: 573-433-5951

I teach wheel thrown pottery, one-on-one, in my Waynesville studio. Ages 10 and up. A 2 1/2 hr. class is \$25. and that includes everything from clay to firing. Pottery is a great stress reliever, and creative outlet for people of all ages. You can make unique decor for your home, and garden that reflects your style. Also make one-of-a-kind gifts for your family and friends. You can even give a class as a gift. Pottery lessons are also available for home school families. Give me a call for more details, and to set up your class!
