

Pre Paid Legal Inc

65459

Phone: 573-336-8583

We give members access to professional legal counsel not only for traditional legal problems, but for everyday events such as buying a house or a car, creating a will, handling a problem with an insurance company, dealing with identity theft, and much more where legal review should be routine, but rarely is. These events can be among the most important events in a person's life, yet there is a tendency for them to take place without proper legal review.
