

Babysitter

65401

Phone: (573) 263-8302

I am a 15 year old high school student in need of a job. I love kids, and babysit my own siblings quite often, so I am very equipped with babysitting knowlege and experience. I am also a Christian Private School student, therefore I do not have school on Mondays or Fridays like the average teenager, therefore I am available those days, along with Saturdays and anytime after 3:00 on Tuesday-Thursday. I would love to get to know your children, and provide your home with dependable childcare! Depending on how many children you have determines how much I will charge, but mainly I charge according to what you can afford. I am trying to make money so I can make a round trip to Oregon this summer to meet my siblings that I never have met before. I will also clean your home for an affordable price.
