Procare Pools, LLC has been “Building Dream Summers” in Waynesville and the surrounding areas for over 11 years. After several requests from customers and careful consideration, we have opened Procare Pool & Spa to better provide products and services in a convenient location. We carry a full line of pool and spa chemicals, provide pool services such as seasonal openings and closings, and offer a variety of Dimension 1 spas to satisfy the wishes of all. We cordially invite you to come inside to see the new display of spas for yourself and hopefully give us a chance to earn your business. Through November 21, 2018 our Fall Spa Sale brings 10% off select models or 0% financing for 18 months!
