2 Smart Chix provides website design/maintenance/administration, blogging and podcasting services for small business and non-profit organizations. We can create your website from scratch, or provide resources for you to do it yourself. We also help you create a blog and/or podcast for your site and will submit it to relevant directories. We also provide customized training in various technology topics for beginning and intermediate users of Windows XP and Vista. If we can't provide the technology service you need, we can refer you to a resource or resources than can. Don't Be Afraid to Cross the Technology Road...Get to the Other Side with 2 Smart Chix! Business is owned and operated by Paige Eissinger and Gwen Cox.
